Word Superstars

BY TEACHER'S CLUBHOUSE

LEVEL ONE

Word-of-the-Week

activities to build vocabulary

A page of Word Superstar badges is included at the end of this pack. These badges may be used to reward students for correctly figuring out words.

Black and white badges may be copied, cut apart, and given to students to color and glue onto their word journals. Or colored badges may be cut out, laminated, and given to students to wear on a necklace (chain or string). Just punch a hole in the top!

activities to build vocabulary

After displaying the day's clues, have students make as many guesses as possible. A recording page is included for this, but once the students get the hang of it, teachers may have them "draw" this page in a journal to save on copies.

Sample pictures are from our Level 2 pack.

Word-of-the-Week

activities to build vocabulary

This word-of-the-week resource was designed to help build vocabulary throughout the year. There are enough words (40) for teachers to choose one word to use per week. There is a clue to display for each day of the week (Monday-Friday). Clues may be displayed electronically on the board, or teachers may want to print and display one per day on a bulletin board. This can be done using page protectors, or to save space, laminate and attach to a metal ring that will allow you to flip daily to view the new clue.

Sample pictures are from our Level 2 pack.
